This critique is designed to be an educational device to improve the quality of your videography. It is intended to point out positive aspects of your video work as well as to suggest areas for improvement.

Judging comments are designed as suggestions for improvement. Keep in mind that these comments represent just one individual's opinion. Comments should represent current trends in videography.

A list of overall video skills gives videographers a general overview of what judges are looking for in the video portfolio.

An overall open-comment critique space is included to provide feedback on strengths and recommendations.
